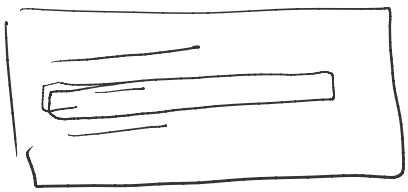
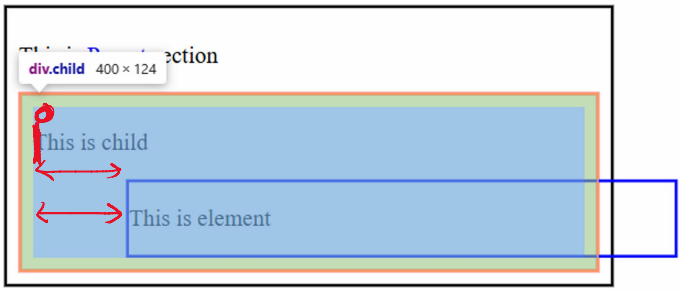
* Positioning

 This is an awesome font. .

 This is an ~~awe~~ awesom font



- position : relative
  - ⇒ similar to position static
    - top :
    - bottom :
    - left :
    - right :



- position : absolute
  - ↳ takes element out of Document flow
    - left, right, top, bottom } wrt. viewport.

→ position : fixed
  - ↳ similar to absolute → takes element out of Doc. flow
    - ↳ but keeps it positioned at the given coordinates.

→ position : sticky
  - ↳ behaves like relative position until the given position reaches and then stays there.
